- 1.1 The Trustee is not required to accept the highest tender nor any other tender whatsoever, and reserves the right to dispose of the assets in any other manner under the Law;
- 1.2 **The Trustee reserves the right to cancel the tendering process at any time without reason and the Tenderer acknowledges that no indemnity may be claimed as a result of this decision.**

### **2. DESCRIPTION OF ASSETS**

- 2.1 The Tender covers the assets which are part of the lot(s) mentioned in the tender and as indicated in the inventory prepared by the Trustee (the “Assets”), and which were reviewed by the Tenderer (the “Inventory”);
- 2.2 The Tenderer acknowledges that the quantities stated in the Inventory may only be substantially accurate;
- 2.3 In the event that the Trustee is unable, for whatever reason, to deliver to the Tenderer the Assets or a significant portion thereof, the Trustee can cancel his acceptance of the Tender, which is then deemed never to have taken place;
- 2.4 **In the case of assets comprising stored information (on computers or otherwise), the Tenderer agrees to destroy any information relating to third parties.**
- 2.5 The Tenderer agrees not to request any adjustments to the amount tendered except where a significant variance exists between the quantity stated in the Inventory and the quantity that can be delivered to the Tenderer by the Trustee, subject to the rights of the Trustee under section 2.3;  
In the event that the Trustee opts to adjust the amount tendered, the Tenderer shall agree that the value attributed to the Assets in the Inventory, **and no other**, be used and shall recognize that this value cannot be used for other purposes and does not constitute the Trustee’s opinion as to the value of the Assets.

### **3. CONDITIONS AND RESERVES OF THE SALE**

- 3.1 In the event that the Tenderer fails to comply with any of the obligations under the terms of the present agreement, he shall indemnify the Trustee for any damage incurred by him now or in the future as a result of the default, without prejudice to any other recourse legally granted to the Trustee;
- 3.2 When a tender is subject to a condition, the tender must state the amount of the tender if the condition stated in the tender is accepted by the Trustee, and the amount of the tender if the condition is not accepted. If the latter states a single amount, this amount shall be deemed to be the amount of the tender if the condition stated in the tender is not accepted by the Trustee;
- 3.3 The Trustee reserves the right to waive compliance with one or more conditions stated in the call for tenders or in the document entitled “Conditions and Reserves Related to the Sale of Assets”;
- 3.4 **The Tenderer acknowledges that the Trustee makes no representations as to the Tenderer’s potential liability as successor employer;**
- 3.5 **Submitting a tender shall constitute irrevocable acceptance by the Tenderer of all of the conditions and reserves of the sale.**

### **4. INSPECTION OF THE ASSETS**

- 4.1 The Tenderer hereby declares that he has inspected the Assets, and that he shall rely entirely on his examination and investigation, that the Trustee shall not provide any guarantee as to the description, state or value of the Assets and that he waives all guarantees pertaining to the quality of the Assets;

- 4.2 The Tenderer recognizes that the Trustee did not comment on the compliance of the Assets, with standards of any kind (including environmental standards) in effect at any time with respect to the Assets, their disposal or utilization and waives the right to any claim whatsoever arising from the failure of the Assets to comply with such standards.

## 5. RECEIPT AND OPENING OF THE TENDERS

- 5.1 The Tender is made for the amount indicated in the Tender;
- 5.2 **Bids must be accompanied by a 10% deposit, payable by wire transfer or bank draft.**
- 5.3 Where the Tenderer withdraws his Tender during the 48-hour period prior to the time set for the receipt of the Tenders until he is notified of the results of the call for tenders, the Trustee shall retain the deposit that accompanied the Tender as liquidated damages;
- 5.4 **Combined tenders and tenders for more than one lot shall be itemized and indicate the price offered for each lot;**
- 5.5 It is the bidder's obligation to submit their bid either by email to [provost-barsalou.olivier@rcgt.com](mailto:provost-barsalou.olivier@rcgt.com) or to the trustee's office. Any bid sent to another office must also be forwarded by fax and/or email to the designated contact person listed in the request for tenders, specifying that the original was delivered to Raymond Chabot Inc.'s office in [city name]. It is the bidder's responsibility to ensure that their bid has been properly received by the intended recipient.

## 6. ACCEPTANCE AND REFUSAL

- 6.1 In spite of any contrary indication set forth in the Tender, the Trustee shall be entitled to retain or reject the Tender until the expiry of a **reasonable period**;
- 6.2 In the event the Tender is retained, the Trustee shall notify the **retained Tenderer in writing by email, fax or mail** at the address indicated on the Tender;
- 6.3 **In the event the Tender is rejected:**
- 6.3.1 **If the Trustee has received a deposit, written notice, by registered mail, together with the deposit, shall be sent to the tenderers;**
- 6.3.2 **For other tenderers, no notice shall be sent, but the Trustee's decision may be posted on the Trustee's website.**
- 6.4 **The fact that a deposit has been cashed may not be interpreted as acceptance of a tender;**
- 6.5 **The Vendor may withdraw his acceptance of any Tender prior to delivery of the Assets. In such a case, the Trustee shall reimburse any amount received from the Tenderer, without interest, and the Tenderer shall not have any other recourse;**
- 6.6 **If the Tenderer whose Tender is accepted is a related party as defined in the *Bankruptcy and Insolvency Act*, the sale must be authorized by the courts, at the Tenderer's expense.**

- 7.7 The Tenderer agrees that any amount payable to the Trustee under the present agreement shall bear interest at a rate of fifteen percent (15%) per year starting on the due date of such amount;
- 7.8 In the case of real estate, the usual adjustments, if any, in particular regarding taxes, insurance, rent and electricity, are carried out as of the signing date of the purchase offer;
- 7.9 The Trustee shall provide the Tenderer with only those documents in their possession relating to the name and description of the Assets;
- 7.10 To the purchase offer shall be added amounts, as applicable, relating to any tax, assessment, contribution and any right whatsoever, inherent or consequential to the acceptance of the purchase offer or to the transfer of ownership, as well as any fees and disbursements relating to the preparation and publication of a deed of sale (the "Price");
- 7.11 With respect to movables, the Price shall be paid in full prior to the taking possession of the Assets by means of a certified cheque or bank draft payable to the Trustee and remitted to him;

The letter of guarantee must be issued by a recognized financial institution and be in compliance with the standard rules and usage of the International Chamber of Commerce. Upon remitting this letter to the Trustee, the Trustee shall return to the Tenderer the cheque accompanying the offer;  
 If the Tenderer fails to remit such a letter of guarantee to the Trustee within the prescribed time limit, the Trustee shall have the option to cancel the offer's acceptance and retain the deposit that accompanied the offer;
