## Business Opportunity Overview

- The Company is a business specializing in the design, manufacturing and distribution of strength training equipment as well as fitness accessories intended for commercial and residential gyms.
- The Company operated two distinct divisions, one for manufacturing and one for distribution. As part of the restructuring of its activities, the manufacturing division is being discontinued, while distribution operations continue as usual.
- MNP Ltd., acting as consultant, has been mandated by the Company to solicit parties interested in acquiring equipment and inventory.

## Product Details

- The equipment offered as part of this sale consists of manufacturing equipment for steel products, as well as distribution equipment.
- The assets for sale include, among others:
  - paint lines;
  - laser cutters;
  - forklifts and rolling stock;
  - as well as a wide range of material handling, machining and inventory equipment. The sale also includes office furniture.

## General Conditions

- This document was prepared based on information obtained from the Company.
- The sale will be made without legal warranty, on an "as is" basis.
- The Company reserves the right to modify the process or to terminate it at any time.

## The Opportunity

Opportunity to acquire recent, high-quality production equipment for the processing of steel products, as well as state-of-the-art distribution equipment and inventory.
